

PART I

File/Document	CTR Annex I	References
B. Cover letter	B	<ul style="list-style-type: none"> According to CTR annex I B. 6 to 12 of CTR COMBO trials: important to mention in the cover letter if trial is a combined CTR/MDR-IVDR study
D. Protocol	D 24	<ul style="list-style-type: none"> According to annex I of CTR See also ICH E6 GCP The protocol shall be accompanied by a synopsis of the protocol, provided as a separate document in Dutch, French and German. DSMB charter (if applicable) Patient facing documents* (same language requirements as for ICF. See annex II of the CTR Q&A on Eudralex volume 10)
E. Investigator's brochure	E	<ul style="list-style-type: none"> According to annex I of CTR See also ICH E6 GCP
F. Documentation relating to GMP for the IMP <ul style="list-style-type: none"> Copy of the manufacturing authorisation Certification by the Qualified Person 	F	<ul style="list-style-type: none"> GMP certificates not accepted, only GMP manufacturing authorisations EU template strongly recommended for QP declaration
G. IMPD dossier	G	<ul style="list-style-type: none"> See also Eudralex volume 10 chapter III for content and Common Technical Document (CTD) format GLP statement has to be part of the IMPD (see: point 44 of annex I of the CTR and http://www.hma.eu/fileadmin/dateien/Human_Medicines/01-About_HMA/Working_Groups/CTFG/QAs_document_on_GLP_-_2017.pdf)
G. Simplified IMPD	G	See CTR (annex I points 50 to 53) to see cases when a simplified IMPD is accepted
G. SMPC	G	If applicable.
H. AXMP dossier	H	AXMPD or SMPC if applicable
I. Copy of the summary of scientific advice	I 56	If applicable. The outcome of the scientific advice should be reflected : the summary of the scientific advice should include both the questions and the answers provided by the European Agency, or any Member State or third country otherwise the "advice" would be missing. A text limited to the questions does not summarise the scientific advice.
I. Copy on the agreement on the PIP	I 57	If applicable
J. Content of the labelling	J	Example of the planned label in accordance with law of 7 May 2017: <ul style="list-style-type: none"> - 3 national languages - but specific label for the trial not mandatory if registered products - and allowed in 1 language (English included) if administered at site and patients do not deal with the product (please provide a justification in cover letter if labels provided in only one language)

*See question 1.24 of the CTR Q&A in [Eudralex volume 10](#) for a description of what are patient facing documents.

PART II

File/Document	CTR Annex I	References
K. Recruitment arrangements, unless described in the protocol	K 59	Stand-alone document or reference to the applicable section of the protocol has to be provided A template developed by the EU Commission is available in Eudralex volume 10
K. Advertising material	K 60	If applicable
L. Subject (and legally designated representative) information and informed consent ICF and recruitment material	L 61&63	<ul style="list-style-type: none"> • Use of the existing template is strongly recommended. • A template for interventional trials in adults is available here. • ICF(s) to be submitted at least in the official national language(s) of the region(s) where the trial is conducted • Sponsor is responsible for appropriate translations. The EC only reviews the ICFs in one language • Recruitment material* (to be submitted at least in the official national language(s) of the region(s) where the trial is conducted) <p>* See question 1.24 of CTR Q&A in Eudralex volume 10 for an explanation on the difference between recruitment material and patient facing documents</p>
L. Informed consent Procedure	L 62	A stand-alone document or a reference to the applicable section of the protocol has to be provided A template developed by the EU Commission is available in Eudralex volume 10
M. List of the planned sites, name and position of PI and planned number of subjects at the sites	M 64	Not needed anymore as the planned number of subjects at the site is to be provided in the site suitability statement
M. CV and declaration of interest of the principal investigator of each site	M 65&66	<ul style="list-style-type: none"> • BE specific CV template strongly recommended. Any other template (e.g. TransCelerate) can be accepted but should at least contain the same information • GCP training should be documented (in the CV or by a GCP certificate), mentioning the name of the certifying organisation and should not be older than three years • Declaration of interest: template developed by the EU Commission available on Eudralex volume 10
N. Statement on the suitability of the sites	N	<p>The EU template is slightly adapted to facilitate the dossier management in Belgium. The adapted version is available here. The document should be prepared by the sponsor to allow the site signatory to make a correct evaluation of the requirements in terms of equipment, facilities and (human) resources to properly conduct the trial. Please take into account the following guidance when completing this template.</p> <p><u>Name of site, city and, if applicable, unique identification number of the site:</u></p> <ol style="list-style-type: none"> 1) When it concerns a healthcare institution, use the name, city and recognition number of the hospital site(s) as given in the list of the FPS Public Health (belgium.be) and which are registered in CTIS. If the CEO of different hospital sites is the same, the sites can be listed in one statement. 2) With the recognition number is meant the "Erkenningsnummer van het ziekenhuis" / "Numéro d'agrément de l'hôpital".

		<p>3) If it does not concern a healthcare institution, mention the name of the Private organisation.</p> <p>Examples:</p> <table border="1"> <tr> <td>Name of site¹, city</td> <td>Onze Lieve Vrouweziekenhuis, campus Asse (1730 Asse), campus Aalst (9300 Aalst), campus Ninove (9400 Ninove)</td> </tr> <tr> <td>If applicable, unique identification number of the site²</td> <td>126</td> </tr> </table> <table border="1"> <tr> <td>Name of site¹, city</td> <td>Kliniek Sint-Jan, campus Leopold I (1090 Jette), campus Kruidtuin (1000 Brussel), campus Middaglijn (1210 Sint-Joost-ten Node)</td> </tr> <tr> <td>If applicable, unique identification number of the site²</td> <td>110</td> </tr> </table> <table border="1"> <tr> <td>Name of site¹, city</td> <td>Centre Hospitalier Universitaire de Liège, site Ourthe-Ambève (4130 Esneux), site Notre-Dame des Bruyères (4032 Chênée), site Sart-Tilman (4000 Liège-1), site CNRF (4557 Fraiture-en-Condroz)</td> </tr> <tr> <td>If applicable, unique identification number of the site²</td> <td>707</td> </tr> </table> <table border="1"> <tr> <td>Name of site¹, city</td> <td>CTU of the Institute of Tropical Medicine (2000 Antwerpen)</td> </tr> <tr> <td>If applicable, unique identification number of the site²</td> <td>Not applicable</td> </tr> </table>	Name of site ¹ , city	Onze Lieve Vrouweziekenhuis, campus Asse (1730 Asse), campus Aalst (9300 Aalst), campus Ninove (9400 Ninove)	If applicable, unique identification number of the site ²	126	Name of site ¹ , city	Kliniek Sint-Jan, campus Leopold I (1090 Jette), campus Kruidtuin (1000 Brussel), campus Middaglijn (1210 Sint-Joost-ten Node)	If applicable, unique identification number of the site ²	110	Name of site ¹ , city	Centre Hospitalier Universitaire de Liège, site Ourthe-Ambève (4130 Esneux), site Notre-Dame des Bruyères (4032 Chênée), site Sart-Tilman (4000 Liège-1), site CNRF (4557 Fraiture-en-Condroz)	If applicable, unique identification number of the site ²	707	Name of site ¹ , city	CTU of the Institute of Tropical Medicine (2000 Antwerpen)	If applicable, unique identification number of the site ²	Not applicable
Name of site ¹ , city	Onze Lieve Vrouweziekenhuis, campus Asse (1730 Asse), campus Aalst (9300 Aalst), campus Ninove (9400 Ninove)																	
If applicable, unique identification number of the site ²	126																	
Name of site ¹ , city	Kliniek Sint-Jan, campus Leopold I (1090 Jette), campus Kruidtuin (1000 Brussel), campus Middaglijn (1210 Sint-Joost-ten Node)																	
If applicable, unique identification number of the site ²	110																	
Name of site ¹ , city	Centre Hospitalier Universitaire de Liège, site Ourthe-Ambève (4130 Esneux), site Notre-Dame des Bruyères (4032 Chênée), site Sart-Tilman (4000 Liège-1), site CNRF (4557 Fraiture-en-Condroz)																	
If applicable, unique identification number of the site ²	707																	
Name of site ¹ , city	CTU of the Institute of Tropical Medicine (2000 Antwerpen)																	
If applicable, unique identification number of the site ²	Not applicable																	
O. Proof of insurance cover or indemnification	O	Certificate with specification of the amount insured and reference to the Belgian law of 7 May 2017 Art. 12. § 1er (no fault insurance)																
P. Brief description of the financing of the CT	P 69	If applicable																
P. Information on financial transactions and compensation paid to subjects and investigator/site	P 70	<ul style="list-style-type: none"> • Draft version of the contract with (draft) amounts is currently accepted • It is advised to contact the CTCs of the concerned sites as soon as possible in order to gain time in the evaluation of the financial agreements • A template has been developed by EU Clinical Trials Expert Group for "Compensation for trial participants" and is available on Eudralex volume 10 																
P. Description of any other agreement	P 71	Clinical trial agreements and others related to the trial if applicable																
R. Statement that data will be collected and processed in accordance with the GDPR	R	<p>We currently still accept that only a general document is provided in the FORM section of CTIS.</p> <p>No specific document for Belgium currently requested.</p> <p>This document should at least contain:</p> <p>"[name of sponsor] confirms that collection and processing during clinical trials is done in full compliance with the European Regulation 2016/679 of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (GDPR)"</p>																
S. "Collection, storage and future use of human biological samples"		A template has been developed by EMA and is available on Eudralex volume 10 . This template is currently not mandatory for Belgium if the information is properly available in the dossier.																

Additional clarifications

CTR General e-mail address:

For any question on the content of the dossier to be submitted for Belgium in CTIS or on the clarification of a consideration in the RFI list on Part I (when Belgium is RMS) or on Part II, please contact : CTR@fagg-afmps.be

Fee for Belgium:

No payment will be requested at the moment of the submission of the dossier. Therefore no proof of payment must be provided for Belgium in the CTIS submission dossier.

However the fee related to the safety assessment of these dossiers (as stated in the "Loi de financement" from February 2022) will be requested by the mean of an invoice that will be provided at regular basis to sponsors (contact details will be taken from contact details as provided in CTIS for the sponsor). This invoice will be related to all CTA applications submitted in CTIS for Belgium during this period. A fee will also be requested by the mean of an invoice at regular basis to sponsors for GCP inspections (also stated in the "Loi de financement" from February 2022). We refer you to slide n°15 of this presentation where fees for 2022 are indicated and where the annual fee related to the GCP inspections is indicated as "Authorisation".

For 2023 the amounts may be consulting by following [this link \(FR\)](#) and [this link \(NL\)](#).

Transitioning trials:

Please consult the CTCG Best practice guide on transition trials and template cover letter on the [CTCG \(Clinical Trials Coordination Group\) website](#), in section CTCG Key documents list/Guidance. Please also consult the [Guidance for the Transition of clinical trials from the Clinical Trials Directive to the Clinical Trials Regulation](#) as published by the European Commission. This Guidance supersedes the chapter 11 of the Q&A on the application of the CTR.

Combined CTR/MDR-IVDR studies:

Please state clearly in the cover letter whether the trial is a COMBO CTR/MDR-IVDR study, providing the MDR-IVDR study number if available and indicating whether the MDR-IVDR study has been submitted in parallel via the CESP. This will allow the CT College to be informed as soon as possible so that the same ethics committee can be selected to assess both the CTR trial and the MDR-IVDR study.

Preliminary site of sites in case of staggered submission:

In case only Part I is submitted for Belgium, please provide the preliminary list of sites for Belgium if already available. Purpose is to avoid selection of a non-independent ethics committee by the College and need for selection of a new one when Part II is submitted. We are well aware that this preliminary list can be modified before submission of Part II.

Track changes versions of modified documents:

Track changes versions of modified documents should be provided with the answers to the Part I and Part II assessment RFIs and with the applications for substantial modifications.

Naming of the documents:

Please precede the name of the document with CTR annex I corresponding letter. This will allow the member states to have a structured list of documents after download of each Part of the dossier from CTIS. Version number and dates should not be part of the name of the document and have to be directly entered as structured data in CTIS.

See also the new version of the [Best Practice guide for Sponsors on document naming in CTIS](#) on the [website of the CLINICAL TRIALS COORDINATION GROUP](#) (CTCG).

In order to simplify the re-submission process to CTIS, CTCG accepts that the CT numbers within the documents uploaded into the system are shortened concerning the last 2 digits which only show how often the sponsor created previous submissions and re-submitted the applications.

In case of a decision letter the full number including the last 2 digits will be reflected.

If the full number is reflected in the documents and a re-submission takes place, there is no expectation that these numbers are immediately corrected within the documents during the ongoing procedure. This can be done at a later stage when the documentation is updated during a SM procedure.
